NamPower: Getting the Job Done Faster and On the Go with SAP Fiori® User Experience

The people of Namibia rely on NamPower for safe and reliable energy that drives development and success. To fulfill that commitment, the company counts on SAP® solutions to keep operations running smoothly. With apps that apply SAP Fiori® user experience, employees and managers across NamPower have anytime, anywhere access to SAP software via their mobile devices. Now administrative tasks like travel requests and approvals can be done faster, leaving more time to focus on strengthening NamPower and the people and places it serves.

NamPower enables enterprise mobility with SAP Fiori®

Anytime, anywhere access speeds administrative tasks

Objectives

- Accelerate release purchase requisitions, travel requests, expense approvals, time sheet approvals, leave requests, and more
- Enable workers in the field to handle administrative tasks from a mobile device
- Eliminate bottlenecks caused when approvals go unprocessed because someone is out

Why SAP

- Trust in SAP as a market leader in enterprise resource technology for the utilities industry
- Long-time user of SAP® solutions and services
- Value of keeping up with the latest software releases and technology innovations from SAP

Benefits

- Two weeks to deploy SAP Fiori® user experience, including server provisioning, software downloads, database installation, and system patching
- Low-cost implementation for a fast and predictable launch
- Role- and task-specific apps for employees and managers that provide anytime, anywhere access to SAP applications and can be deployed individually or as a group
- Ability to make and approve leave, time, and travel requests, manage time sheets, and more while on the go and in the field, saving time for employees across the organization
- Consumer-like, consistent user experience for 300 users across devices, including tablets and smartphones

“It has always been a challenge to execute some tasks while away in the field. I still remember the days when I used to drive to the office just to approve leave or do releases. With SAP Fiori, I can do the approvals and releases even when I am out of office from my smartphone. It makes things easier for everyone.”
